

# Press fix Frame Hardware

## Quality, economy and efficiency

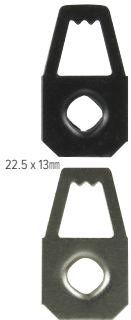

9418  
Press-fix hangers fitted to the frame back usually sit below the rim of a hollow back, so frames hang flush on the wall.

5788  
These hangers also make it easier to align frames being hung in groups.

# SH100

## Manual press

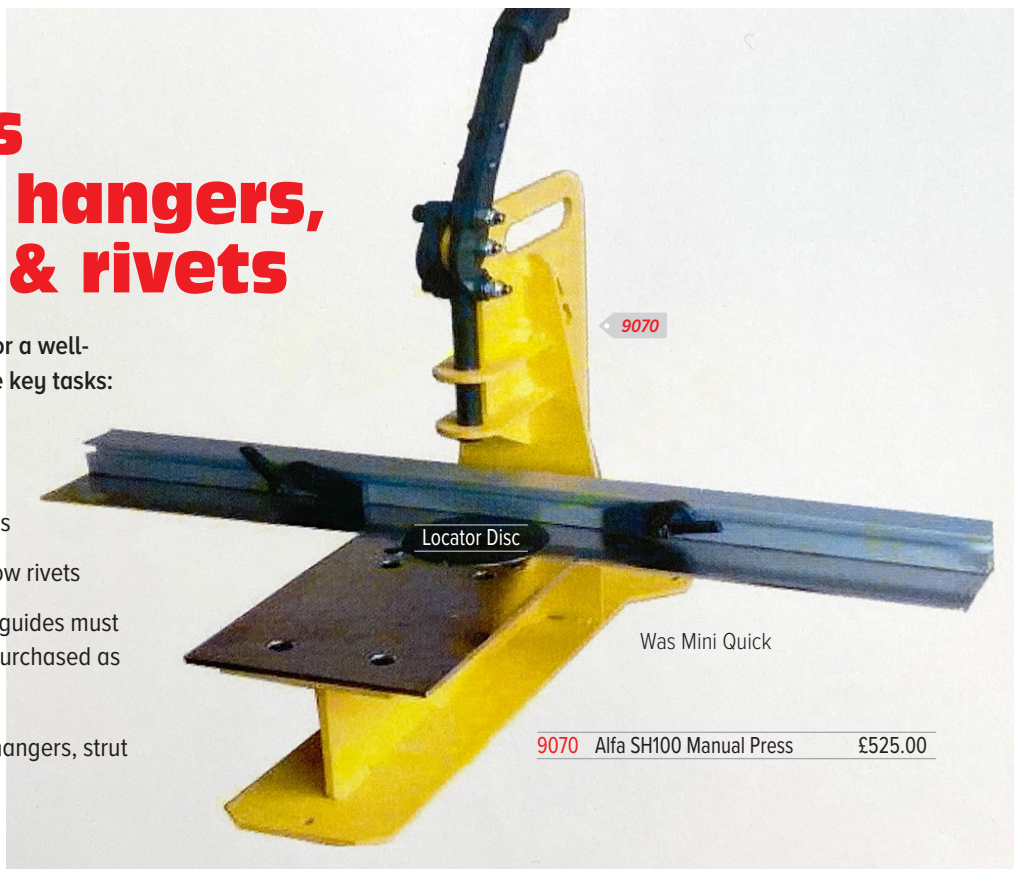

### For press-fix hangers, strut hinges & rivets

The SH100 is the ideal multi-purpose press for a well-equipped framing workshop. It handles three key tasks:

- Fixing most of the Alfamacchine press-fix hangers and hardware range
- Fits strut hinges to struts to make easel backs
- The only press which can insert and set hollow rivets

In each case the appropriate locator disc and guides must be fitted. These are at extra cost and can be purchased as required.

See p.4/5 for details of the range of press-fix hangers, strut hinges and locator discs.

9070 Alfa SH100 Manual Press £525.00

### Rivets to fix D-Rings

Locator kit 9125 fitted to the SH100 inserts and sets hollow rivets which are self-piercing. The special design of the locator disc allows for perfect alignment of the upper and lower parts, which is very important.

#PG03-0068-0068. This kit only fits the SH100

9125 Locator Kit Rivets £250.69

Rivets set flat and smooth both sides

# SE100

## Manual Press

### For fixing steel struts to back boards

7515	Alfa SE100 Manual Press		£150.00
7516	Short Struts 112mm	pk 50	£15.76
7517	Long Struts 147mm	pk 50	£16.73
7518	Moulded Tips Black	pk 50	£3.53
7519	Moulded Tips Red	pk 50	£3.53
7567	Moulded Tips Grey	pk 50	£3.53

For SH100 and SH200 presses use Strut Locator Disc & Positioner Kit 9561 #PG38-0172-0172

9561 Locator Disc and Positioning Guide £153.92

# SH200

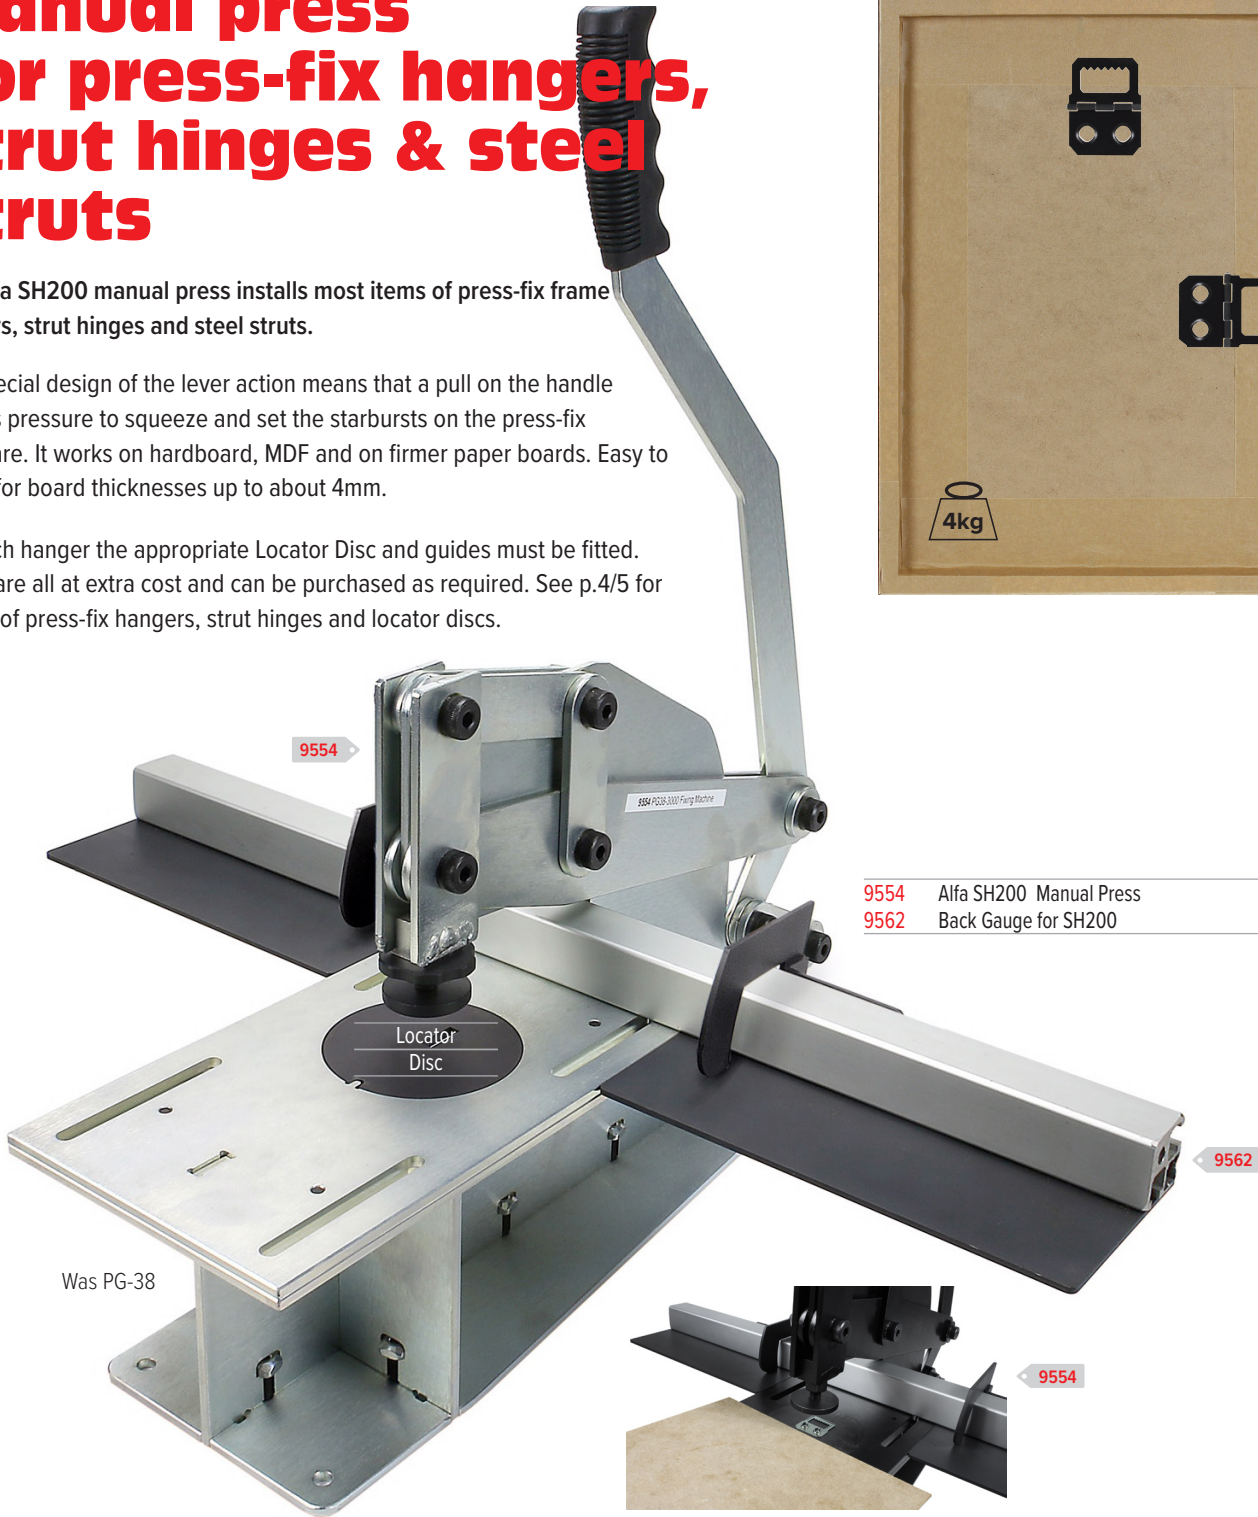

## Manual press

### For press-fix hangers, strut hinges & steel struts

The Alfa SH200 manual press installs most items of press-fix frame hangers, strut hinges and steel struts.

The special design of the lever action means that a pull on the handle creates pressure to squeeze and set the starbursts on the press-fix hardware. It works on hardboard, MDF and on firmer paper boards. Easy to adjust for board thicknesses up to about 4mm.

For each hanger the appropriate Locator Disc and guides must be fitted. These are all at extra cost and can be purchased as required. See p.4/5 for details of press-fix hangers, strut hinges and locator discs.

The Alfamacchine products in this brochure were introduced during 2019. All should be in stock except the CH Series Coil machines, which are made to order.

They complement their very extensive range of picture framing equipment, all made in Italy. LION have been working with Alfamacchine for nearly 30 years and our team offers full technical sales support with expert parts and service back-up. Contact: [liontech@lionpic.co.uk](mailto:liontech@lionpic.co.uk).

Make your own reference copy of this PUB043. Take four clear A4 punched file pockets, and print and insert the pages. Collate and staple them in three places down the spine. Job done and easy to update.

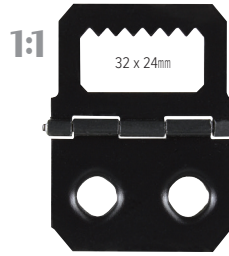

## 2 Hole Hangers

Ideal for medium sized pictures. Two hole fixing is very reliable. Easily bent up by user.

4626A	2 Hole Hanger	Black	100	£4.40
4626B	2 Hole Hanger	Black	500	£19.80
5788A	2 Hole Hanger	ZP	100	£4.55
5788B	2 Hole Hanger	ZP	500	£20.45

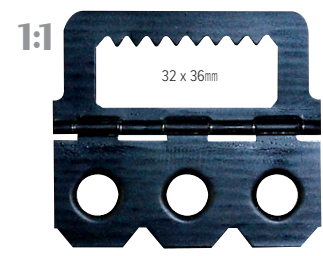

## 2 Hole Hinged Hanger

Hinged hangers are easier to use with hooks on art hanging systems.

5789A	2 Hole Hinged Hanger	Black	200	£9.90
5789B	2 Hole Hinged Hanger	Black	1000	£44.55
5789C	2 Hole Hinged Hanger	Black	7500	£321.81

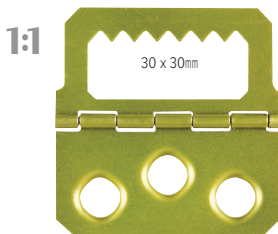

## 3 Hole Hinged Hanger

Works well with most hooks on art hanging systems.

9537A	3 Hole Hinged Hanger	Black	200	£13.25
9537B	3 Hole Hinged Hanger	Black	1000	£59.63
9537C	3 Hole Hinged Hanger	Black	5000	£268.31

## 3 Hole Hinged Hanger

Designed for use with gallery hanging systems. Well proven over many years.

5007A	3 Hole Hinged Hanger	ZP	200	£15.80
5007B	3 Hole Hinged Hanger	ZP	1000	£71.10
5007C	3 Hole Hinged Hanger	ZP	5000	£319.95

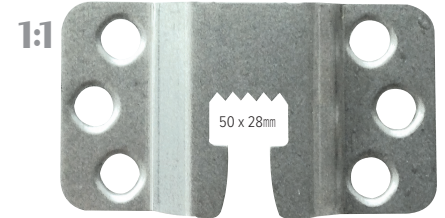

## 4 Hole Hanging Plates

Suitable for frames up to about 700 x 500mm / 30" x 20". Always test. ZP.

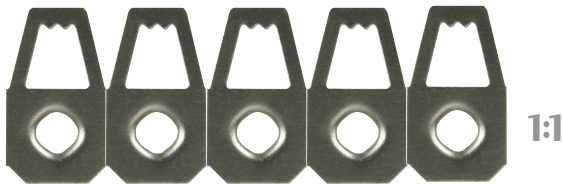

266A	4 Hole Plate	ZP	100	£3.25
266B	4 Hole Plate	ZP	1000	£29.62
266C	4 Hole Plate	ZP	5000	£135.42

## 6 Hole Hanging Plate

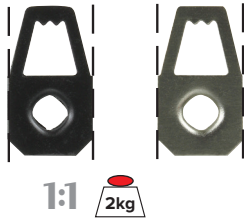

Suitable for frames up to about 1000 x 700mm / 40" x 28". Always test. ZP.

9544A	6 Hole Plate	ZP	100	£4.30
9544B	6 Hole Plate	ZP	1000	£38.70
9544C	6 Hole Plate	ZP	3000	£104.49

## CH500 Coil Dual

Fixes Two Press-fix Hangers in One Operation

The CH Series Coil hanger fixing machines are also available as dual machines, for very high-volume production. Ask our Technical Sales team for more info.

## Press-fix Hangers on coils to fit Cassese machines MF30 & MF40

Some of the Alfamacchine press fix hangers are available on coils in a special format suitable for Cassese coil-fed machines, MF30 and MF40.

10147	1 Hole Black	7,000 coil	£118.25	As 1701N
10148	1 Hole ZP	7,000 coil	£95.00	As 1701A
10149	2 Hole Black	3,500 coil	£92.00	As 2702N
10150	2 Hole ZP	3,500 coil	£75.00	As 2702A

**Tough and cost effective semi-automatic machines for the higher volume frame producer.**

All the Alfamachine CH Series Coil press-fix hanger machines are similar in design / They are reliable and cost effective for the higher volume frame producer / Need compressed air but no electric supply / Coil change is fast with the pneumatic feeder system / Easy set-up and adjustment of the hanger as it feeds into the machine.

The pneumatic diaphragm in the operating head is simple and reliable / Air consumption is minimised / Operating pressure 6 to 8 bar / Operating force is kN 5.5 / Board thickness 1 to 4mm / Board size 90 x 130mm up to 600 x 800mm / Overall size 1850 x 560mm, 1200mm high / Weight 60kg / Once a CH Series Coil Machine is built and installed it cannot be changed to fix another type of hanger.

Talk to our Technical Sales Team who will help you select the best model for your needs.
