

STAS cliprail max

perfect gap-free ceiling connection

STAS cliprail max is a hanging system for the perfectionist. An extra rim ensures the rail connects beautifully with the ceiling.

With this system, your ceiling, wall and picture hanging system unite as one.

The rail is most attractive when fixed to flat ceilings. STAS cliprail max owes its name to the specially designed fastening clip - the STAS railclip - which allows easy fixation to the wall.

For the best result, you can neatly finish the transition between the STAS cliprail max and the ceiling by adding an (acrylic) sealant.
