

Photo Blocks

- Smooth, solid, MDF, 15mm thick, with Black or White satin edges.
- Pressure sensitive adhesive on face, ready for print or photo to be bonded to the surface and then trimmed. Prints can be bonded on the smaller sizes, by hand with care. Larger sizes are better bonded through a laminating roller.
- 178 x 127mm / 7" x 5" has finished Black or White backs, with no hanging slot. Ready to stand on a table.
- Bigger sizes are ready to hang with slots in the back and include a special nail.
- Packed in re-usable padded bags.
- Smaller blocks are actually app 4mm smaller on both dimensions than listed on sizes up to 300 x 300mm, to allow for 2mm trimming of prints. On larger blocks, over 300 x 300mm, they are 8mm smaller, allowing 4mm trim.
- Users will need a scalpel with sharp blade, a steel straight edge and ideally a cutting mat.

Sizes in **bold** are actual print sizes before trimming to block size.

For print sizes:		Edges:	Black	White
7 x 5	178 x 127 app	£ 9.54 / pk 2	7742	7752
8 x 6	203 x 152 app	£ 10.21 / pk 2	7743	7753
